| | Hot-air ballooning * |

(* This activity is available for an additional fee

“Nyika” means “Large Plains or Great Plains” and as such Mara Nyika is the perfect sister camp to Mara Plains in Kenya. It rings with the romance of East Africa, where light canvas flaps in the breeze as wildebeest and zebras call to each other across the vast open plains and at twilight you hear “Simba”, the great lion’s roar across the Nyika.

This a place of learning, where Africa teaches lessons that will change the way you view the world in one of the most incredible classrooms on the planet – the incomparable Maasai Mara.

Many may think of Mara Nyika as a tree top camp, with the walkways from tent to the main area giving a feel of a tree house under canvas but the camp’s ethic and inspiration is still one of exploration and adventure – a sense of impermanence in this ever-changing world.

Privacy in this camp is the key to understanding it. Privacy to live, think, explore, be romantic and be pampered – all the while with one of the most spectacular backdrops Africa can provide.

Mara Nyika is unique in that it allows guests to explore the private and exclusive 50 000-acre Naboisho Conservancy in which it is located and further afield with safari drives into the Maasai Mara Reserve. Each guest’s stay enables us to support over 500 Maasai families with a sustainable livelihood through the payment of conservation fees, ensuring the preservation of wildlife in this vital corridor of the Maasai Mara eco-system.

Many of our guests would spend a few days in Mara Nyika combined with a stay at either our Mara Expedition or Mara Plains Camp to get exposure to all three wildlife areas, namely the private Olare Motorogi and Naboisho Conservancies and Maasai Mara Reserve. Each wildlife experience from our camps is unique and offers different faces of the Masai Mara.
